 - (iii) the Minister, after considering an objection lodged under subsection (9), has consented in writing.
- (2) For the purposes of this section —
- (a) “strategic environmental assessment” and “assessment” means an assessment of the positive and adverse effects that implementation of legislation or of a public policy, programme, or plan is likely to have on the enhancement,

protection and conservation of the environment and on the sustainable management of natural resources;

(b) “public policy, plan or programme” means a policy, programme or plan which relates to the whole country or a specific region of the country, and which has been formulated by, or will be implemented by, an organ of Government or a public body and without limitation includes policies, programmes and plans relating to national development, the spatial and structural development of urban and rural areas, land use, livestock, transport, the exploitation of minerals, industrial development, water utilisation, and agriculture, and revisions of any of these;

(5) Where there is no single organ of Government or public body responsible for a Bill, regulation, or public policy, programme, or plan, the Minister shall as soon as practicable determine which organ of Government or public body is primarily responsible, and that organ shall be deemed to be the proponent.

(6) Where a determination under subsection (5) is required, no person shall take any step to further the presentation to Parliament, making, adoption, finalisation, amendment, repeal, revocation or implementation of the Bill, regulation, policy, programme, or plan for which a strategic environmental impact assessment is required under this section until the Minister’s determination has been made.

(10) If the Minister has invited comments under subsection (9) the Authority shall not decide whether or not to grant an approval until the period for comments has expired without any comments being received, or if comments are received, without considering those comments.

(11) Upon receipt of the documents required under subsection (5)(b), the Authority may —

(12) If the Minister, acting on the advice of the Authority, considers that all the environmental concerns or effects are adequately addressed by the environmental impact assessment report and the accompanying comprehensive mitigation plan, the Minister shall grant an approval for a project subject to whatever terms and conditions the Minister considers appropriate to ensure that the adverse effects of the project are effectively avoided, mitigated and/or remedied.

(13) The Minister shall refuse to grant an approval in respect of a project if the Authority considers that the implementation of the project would bring about unacceptable adverse effects or that the mitigation measures may be inadequate to satisfactorily mitigate the adverse effects of the proposed project.

(14) Any person may, within 60 days of the granting or refusal of an approval under this section, lodge an appeal in accordance with section 82 if that person —

- (a) has applied for an approval and the application has been refused;
